Main.java

```
73         System.out.println("\nPatients in Queue:");
74         for (String patient : patients) {
75             System.out.println(patient);
76         }
77         break;
78     }
79
80     case 8:
81         System.out.println("Total Patients: " + patients.size());
82         break;
83     case 9:
84         System.out.println("Thank you");
85         break;
86
87     default:
88         System.out.println("Invalid choice.");
89     }
90
91     while (choice != 9);
92
93     sc.close();
94 }
95
96
97 }
```

Input

```
5.view firstpatient
6.view last patient
7. Display Queue
8. Queue Size
9. Exit
Enter your choice: 2
add normal patient
harshitha
normal patient added successfully.
HOSPITAL MANAGEMENT SYSTEMM
```
